

CLEAR GEL[®]

NON-ABRASIVE ROLLER CLEANER AND CALCIUM REMOVER

CLEAR GEL is an ideal product for daily cleaning, deglazing and quick color changes. **CLEAR GEL** removes contaminants from rollers, and when used regularly, will keep rollers like new! **CLEAR GEL** is compatible with all presses and is perfect for cleaning color heads. Why stock several cleaners when **CLEAR GEL** will do it all?

FEATURES / BENEFITS:

- ◆ Prevents stripping and glazing; removes calcium
- ◆ Ideal for quick color changes—even black to yellow!
- ◆ Extends roller life; saves money!
- ◆ Non-flammable; non-toxic; safe for daily use—won't swell rubber
- ◆ Compatible with all presses

DIRECTIONS: Remove ink from press with roller wash. **SHAKE WELL** and apply a thin bead to distribution roller. Idle press for 2-3 minutes and remove with roller wash.
