

FlexTex® Plate Wipes

Highly Absorbent, Low Lint Wipes for Flexo Plates and Equipment

FlexTex® Plate Wipes are a highly absorbent and extremely low-lint wiping pad. They are perfect for cleaning photopolymer and rubber flexographic plates and equipment. They are designed with a unique 100% felted cotton fabric and encased in a non-scratch nylon stocking. These wipes are time-saving. No more folding and cutting materials!

BENEFITS:

- ◆ Highly absorbent! Can absorb up to 10 times its weight in ink and fluids!
- ◆ Extremely low-lint
- ◆ Non-scratch—safe for photopolymer and rubber flexo plates and equipment
- ◆ Saves time and labor —no need to cut up materials for make-shift pads
- ◆ 4" x 5" - 144 per case
- ◆ PCN 569940
