

Metal Polish

For metal and other non-porous surfaces

Burnishine's Metal Polish cleans, shines, protects and restores original luster to all kinds of metals such as aluminum, copper, brass, chrome, stainless, silver and other non-porous surfaces.

BENEFITS:

- ◆ Removes rust, tarnish and oxidation
 - ◆ Restores original shine
 - ◆ Cleans, shines and protects
 - ◆ Perfect for aluminum, brass, copper, chrome, stainless, silver, plastic, glass and other non-porous surfaces*
 - ◆ Easy to use—just wipe on and wipe off
 - ◆ Packaged in 8 oz. bottles
-

Directions: Apply polish to a clean cloth or towel. Rub surface gently to clean and shine. Wipe surface with a clean cloth.

***Not recommended for silver plating, gold plating, or other porous surfaces.**
