

PRO 3 AF Fountain Solution Alcohol Free

For Silver, Metal, and Laser Plates

Like Pro 3, Pro 3 AF is specially blended, balanced, and buffered to make press operators' jobs easier. It provides superior results with virtually all types of plates, inks, presses and dampeners.

BENEFITS:

- ♦ Compatible with most plates and inks.
- ♦ Works well with most presses and dampeners.
- ♦ Needs no special handling or additives.
- ♦ Alcohol free
- ♦ Economical.
- ♦ Dilute 1:7 to 1:10 with preferably distilled water.

DIRECTIONS: Mix 1:7 to 1:10 with water. Diluted solution can be used as a plate etch.
