PLATE SAV-UR®

CLEANER, CONDITIONER & SCRATCH REMOVER FOR MOST METAL PLATES

Plate Sav-Ur is a one step cleaner, conditioner and scratch remover for most metal plates. When used as directed, **Plate Sav-Ur** thoroughly cleans the plate surface, and makes plates accept ink better. **Plate Sav-Ur** is an excellent restarter of standing metal plates, and can be used as a deglazer in dampening systems.

BENEFITS:

- ◆ Removes scratches, gum streaks, and oxidation instantly!
- ◆ Desensitizes plates for high-quality run
- ◆ Excellent restarter of standing plates
- ◆ Nonflammable and biodegradable

DIRECTIONS: Moisten a cotton pad with **Plate Sav-Ur** and apply to entire plate. **NOTE: DO NOT ALLOW PLATE SAV-UR TO DRY ON THE PLATE.** Rinse plate off with fountain solution or water. Repeat where necessary.

DIRECTIONS FOR DEGLAZING DAMPENERS: Once a week put a capful of **Plate Sav-Ur** in the dampener. Run the press for about 10 minutes and rinse with hot water. Follow up with blanket or roller wash.
