

#3464 SM PLUS Fountain Solution

For Silver, Metal, and Laser Plates

SM Plus Fountain Solution is a truly universal fountain solution that works well on metal, silver, and polyester laser plates. SM Plus is highly concentrated and provides excellent protection from alkalinity, carbonless paper problems, and is especially helpful in dry conditions, or when more wetting is needed. SM Plus contains added ingredients to help ink dry faster.

BENEFITS:

- ◆ Helps protect against alkalinity and carbonless paper problems
- ◆ Helps maintain proper pH and conductivity levels
- ◆ Improves roll-up time—saves paper
- ◆ Improves ink drying, and helps eliminate toning
- ◆ Compatible with sheetfed and web presses up to 40"
- ◆ Economical

DIRECTIONS: Mix 1 oz./qt, or 4 oz./gallon.
