SM PLUS

UNIVERSAL FOUNTAIN SOLUTION

FOR SILVER, METAL AND LASER PLATES

SM Plus Fountain Solution is a truly universal fountain solution that works well on metal, silver, and polyester laser plates. **SM Plus** is highly concentrated and provides excellent protection from alkalinity, carbonless paper problems, and dry climates. **SM Plus** contains added ingredients to help ink dry faster.

BENEFITS:

- ◆ Protects against alkalinity and carbonless paper problems
- ◆ Helps maintain proper pH and conductivity levels
- ◆ Improves roll-up time, ink drying, and helps eliminate toning
- ◆ Compatible with all presses and dampeners
- ◆ Dilute 1:32

DIRECTIONS: Mix 1 oz./quart, or 4 oz./gallon. **Note:** Conductivity will be lower with this product.
