

#3457 Universal Fountain Solution

Fountain Solution Concentrate

Universal Fountain Solution Concentrate is the most dependable and forgiving fountain solution ever developed for small presses running metal plates. UFS contains special wetting agents to help prevent problems associated with alkaline paper.

BENEFITS:

- ◆ Helps prevent alkalinity and carbonless paper problems
- ◆ Helps maintain proper pH and conductivity levels
- ◆ Effective on all metal and silver based plates
- ◆ For all small presses and duplicators
- ◆ Economical

DIRECTIONS: Mix 2 oz. per quart, or 8 oz. per gallon
